Projects

Broker AI	Jan 2026 – Feb 2026
BrokerAI is an AI-powered CRM built for real estate brokers and small agencies in India. It centralizes leads from WhatsApp, portals, and manual entries, automates follow-ups, and uses AI lead scoring to prioritize clients. The platform helps brokers manage leads efficiently, avoid missed opportunities, and improve deal conversions.	
Med.AI – Intelligent Healthcare Assistant	Dec 2025 – Dec 2025
- Mumbai Hack 2025, Nesco Goregaon - Built an AI-powered symptom checker using natural language input - Designed a scalable web app with React (frontend) and FastAPI (backend) - Implemented role-based dashboards for patients, doctors, and hospital staff - Focused on faster triage, better guidance, and early detection support	
Portfolio Website	
Designed and deployed a futuristic developer portfolio with interactive UI, animations, and an AI chatbot assistant to highlight projects and technical expertise.
